

18 V drill/drivers that never give up

Free DMF 10 Zoom Metal Detector

with the GSR 18V mid-range
drill/driver

DMF 10 Zoom Professional Detector

With the DMF 10 Zoom, you can now detect cables, metals (even non-ferrous) and wooden substructures considerably faster and more precisely. Quite simply if the LED display gives you a red light you should not drill. If the LED display gives you a green light, you can drill more accurately and safely than ever before.

See page 103 for
more details.
